

To Presidents of the European National Neurological Societies

November 2017

Dear Prof. Erdal,
Dear Colleague,

First of all, we would like to thank the Danish Neurological Society - a member of EAN – for the good cooperation in the past!

Your participation in the questionnaire which was sent to all National Neurologic Societies has been very helpful to understand the diversity of neurologic practice both in- and outside hospitals throughout Europe and the different settings and needs of neurologists and their national societies. We are currently preparing a short summary of the results of this questionnaire which will be sent to you upon availability.

With this letter, we want to continue our active cooperation and make sure that you and your members are well-informed about our offers and ongoing activities.

EAN now has a new logo, which is attached for your convenience. Would it be please possible to add this, together with some general information on EAN, and link to www.ean.org to your website? In case you do not have any website, please provide the following information to your members via other means:

- **Society membership**

All your members are automatically members of EAN and have access to the European Journal of Neurology, the guidelines and eBrain free-of-charge.

On the other hand, equality important, we would like to promote activities of your society on the EAN website and in EAN Pages:

- **Your annual meeting**

Please inform us about your national neurological meeting (date, place, scientific program...) so that we can post them on our Calendar of Events (<https://www.eanpages.org/event-calendar/>).

- **Grants and awards**

If you offer grants and/or awards, that might be of relevance for European neurologists, please send the information and we will post it on <https://www.ean.org/Other-grants.2836.o.html>.

- **Publication**

If you have a newsletter or journal in English, we would like to subscribe to it and put information on the EAN website.

Herewith, we are also sending you a [power point presentation about European Academy of Neurology](#).

We would very much appreciate it, if you could present this information (or parts of it) to your members at your meetings. You are welcome to translate it and/or to put it on your society's website.

Finally, it will be our pleasure receiving potential suggestions that can enhance and improve our co-operation.

Thank you very much!

We look forward to hearing from you and remain,

With best wishes,
